Professional Summary

Results-driven strategy and business transformation leader with experience of driving P&L growth, operating model redesign, and technology-led transformation across consumer tech, healthcare, and digital businesses. Proven track record of building and scaling businesses, having **owned ₹80Cr+ monthly P&L** and **led a 400+ member cross-functional team**; now spearheading **enterprise GenAI** and **building AI-powered decision tools** that compress complex business processes from days to minutes. Combines first-principles problem-solving, financial rigor, technology, and execution to translate complex business problems into scalable solutions and measurable outcomes.

Skills

Business & P&L Ownership | Generative AI Strategy & Adoption | AI-Led Business Transformation | Operating Model Design | AI-enabled Process Redesign | Revenue & Margin Optimization | Financial Modelling | Performance Governance | Cross-functional Leadership |

Professional Experience

Business Transformation Lead – Management Office (AI Transformation) | M3M | Gurgaon **May 2026 – Present**

- **Led enterprise-wide Generative AI adoption** across M3M Group, mapping high-impact use cases and deploying Claude as the enterprise AI platform; scaled adoption to **300+ users across 23 departments and three group companies**.
- **Designed and led enterprise GenAI capability-building**, training teams on **Claude, prompt engineering**, and **AI workflow development** to accelerate adoption and enable functions to independently build **AI-enabled workflows**.
- Built an **AI-powered land deal evaluation engine** covering development mix based on zoning, policy checks, and multi-scenario IRR/NPV/cash flow modelling, **cutting a 2-day manual process to under 5 minutes**; now powers **50+ deal evaluations monthly**.
- Building an **AI voice agent to re-engage 4,000 dormant leads**, targeting a **10% site-visit conversion rate** to unlock incremental pipeline without added manual outreach.

Head – Quick Commerce, Aknamed, Retail, Docon | PharmEasy | Gurgaon / Mumbai **June 2021 – Apr 2025**

- **Directed strategy, operations, and GTM execution** across a multi-vertical portfolio spanning quick commerce, hospitals, offline retail, SaaS (EMR), and partner-led distribution networks.
- **Owned ₹80Cr+ monthly P&L** for Aknamed (B2H entity), leading end-to-end supply chain and warehouse operations across 21 cities; managed **₹76Cr inventory** and a **400+ member organization** to drive profitable growth and working capital efficiency.
- **Spearheaded the launch of PharmEasy's Quick Commerce vertical with Swiggy Instamart**; designed the financial model, AOP, and P&L structure to anchor commercial negotiations, and defined GTM strategy to scale the business to **₹1.2Cr monthly GMV within 4 months**.
- **Built a FOCO retail chain** across four cities; delivered CM2 profitability in eight months and scaled **monthly GMV to ₹4Cr+**.
- **Revived Docon EMR performance**, managing **3,500+ monthly active doctors**; tripled doctor payment collections, cut issue tickets by 66%, and built analytics dashboards for performance tracking.
- Oversaw a **network of 800+ health partners**, generating additional business worth **₹4Cr+ monthly** for the PharmEasy app. Doubled revenue in 4 months, reaching CM2 break-even.
- Earlier launched **PharmEasyOne, a tech-enabled doctor-led distribution platform** across 500+ clinics in 27 cities; scaled it to **₹60Cr annual GMV** through a cross-functional solution integrating operations, logistics, and clinic-facing digital tools.

Vice President – Operations | Medtrail Technologies | Delhi **Aug 2019 – May 2021**

- **Directed operations** across five verticals — doctor-led distribution platform, digitization, HR, administration, and tech support — driving scalability and operational transformation across functions.
- Scaled doctor-clinic pharmacy network to **₹25Cr annual GMV** across 120 stores with **95% customer satisfaction**, establishing a sustainable **B2B2C distribution model**.
- Improved digitization throughput from 150 Rx/30 min to 250 Rx/5 min and optimized net digitization cost by 66% to **₹5 per prescription** using **automation, workflow redesign, and AI-backed validation**; led a team of 200+ digitizers.
- Built **six internal digital products** — Smart Dispensaries App, POS for clinics, logistics app, audit app, order-placement portal, and LMS — creating real-time visibility, improving process accountability, and strengthening end-to-end digital workflows.
- **Re-engineered last-mile delivery operations** by creating in-house **route-optimization algorithms**, cutting workforce and logistics costs by 33% and improving SLA adherence.

Founder and CEO | TOIKIT | Mumbai **Jan 2018 – Aug 2019**

- Founded **D2C hygiene products brand**; scaled to **₹2 Lakh monthly revenue** and onboarded Indian Railways as a client — product officially launched on Mumbai Rajdhani Express by Minister Shri Piyush Goyal.

Micro Market CEO – CyberHub Gurgaon | OYO Rooms | Gurgaon **Aug 2015 – Dec 2017**

- **Owned P&L** for Cybercity (Gurgaon) market; drove a revenue turnaround through channel and pricing strategy, ranking **2nd nationally** in business performance (twice). Scaled online GMV from **₹55 Lakh to ₹1.7Cr** and built a **₹50 Lakh offline business** within six months.

Assistant Manager – Aftersales | General Motors | Gurgaon **Aug 2013 – Aug 2015**

- Managed after-sales operations across 11 dealers; awarded President's Award for dealer performance and business growth.

Education

MBA (PGPX), Full-Time One-Year Program – Indian Institute of Management Ahmedabad **2025 – 2026**

Recipient - Academic Merit Award and Exit Scholarship (Top 5% of the batch)

B.Tech (Mechanical Engineering) – VNIT Nagpur **2009 – 2013**

Accomplishments

- President's Award (General Motors) | Top-ranked Market Head at OYO | Fast-track promotion to VP at Medtrail.
